AGA 13G GENERAL 114L A RANCHER'S DREAM!

Named the 2002 Southern Alberta Bull Spectacular "People's Choice". A 114L son (171N) won this same award in 2004 and was later named the Intermediate Champion and second high selling bull (\$17,500) at the 2005 Calgary Bull Sale. Another son (193N) topped the 2005 Medicine Hat Bull Sale at \$14,000. On the maternal side, 114L's mother is a Dam of Distinction. Her mother is a Dam of Great Distinction and the great grandmother is one of our great foundation cows. 114L is owned with Finstad Ranching.

COME PICK OUT YOUR OWN GENERAL

The Sire: GEM GENERAL 13G

The Dam: AGA 656U MISS STANDARD ET 17H

Note: In 2003, the average weaning index on all of the 114L bulls calves was 107 and the average yearling index was 113! In addition to those sold at Calgary and Medicine Hat, the sons sold by Private Treaty were very popular with our good ranch customers.

AGA 79H BRIT DOM ET 70N

A maternal half brother to 114L. His first crop (bulls and females) are outstanding. Very correct throughout. Owned with Verbeek Herefords.

Sons of AGA 656U Standard ET 124J (a full brother to 17H, 114L's dam) have also excelled in show and sale rings this year: Grand Champion and second high seller at Maple Creek was from the Joint Creek Ranch string; and Reserve Champion and high selling bull at Lethbridge was from the Jim Newton consignment.

Congratulations to the good breeders who did so well at all events this year with progeny from this legendary cow family.
